PROFILE

Experienced Product Manager specializing in workflow automation with n8n. Skilled in designing AI-driven systems, RAG-based decision-making, and Agile methodologies to optimize business processes.

CORE COMPETENCIES

- n8n: Workflow automation & orchestration
- AI: Local LLMs, RAG, fine-tuning via n8n-generated JSONL
- Product: Roadmaps, OKRs, PLG focus
- Data: SQL (Supabase, Postgres), A/B testing, KPI dashboards
- Agile: PSM I & PSPO I • Scrum, Kanban, Design Thinking
- Prototyping: React, Figma, UI/UX
- Dev: TypeScript / Node.js, CI/CD, AI pair-programming
- Workflows: Langchain, JSON, 2 years building workflows in n8n, 20 years designing and optimizing complex MIDI sequencing workflows

CERTIFICATES

User Research - Methods and Best Practices

Service Design: Design Integrated Service Experiences

AI for Designers

Professional Scrum Master PSM I

Professional Scrum Product Owner PSPO I

Agile Leadership

Stanford - Business Model Innovation

Applied IT-Consulting Zertifikat

IHK-Degree "Digital Transformation Manager"

TECHNICAL SKILLS & TOOLS

- n8n – Expert in workflow orchestration and automation
- Ollama – Local LLMs for real-time decision-making
- Supabase with pgvector – RAG systems for memory-based decision support
- Python & Node.js – Backend custom components for workflows
- GitHub – Version control, code sharing, and collaboration
- Figma – Prototyping and UI/UX design for custom workflows
- SQL, REST/GraphQL APIs – Database management and web integrations
- Adobe Suite, Miro, Canva – Design and wireframing tools
- Ableton Live, Max for Live, Logic Pro – Audio production tools and MIDI sequencing
- Jira / Asana / Trello – Project management tools

EXPERIENCE

Product Manager - Projekt-based Training

06/2024 - 06/2025

Franklin IAS in Koop. with Product People GmbH, remote

- Developed a MIDI-sampler concept from user research to UI design in Figma into a prototype - accelerated development with AI pair-programming agent in VS Code using react (Copilot/RooCode); owned a six-month roadmap with bi-weekly sprints
- Conducted structured user interviews, translated insights & pain points into JTBD (Jobs-to-Be-Done), ran usability tests and continuously refined the backlog to achieve product optimization
- Refined the roadmap with input from senior product-management mentors with experience from Google and N26, validating positioning through market and competitive analysis
- Managed agile delivery end-to-end: User Story Maps, MVP definition, Scrum, Kanban and prioritisation frameworks

n8n Healthcare Agent Network (Side Project)

2024 - present

Co-Founder – AI Healthcare Automation Startup, Berlin

- Designed a multi-agent n8n workflow (appointments, email triage, RAG-based diagnosis) to reduce manual admin work in a dermatology practice
- Applied full-stack fundamentals (TypeScript, Node.js backend, REST APIs, SQL) to deliver real-time RAG vector search and seamless workflow integration

AI-driven Scrum Agent Framework (In progress)

2024 - present

Creator - Experimental Agent Workflow, Berlin

- Architecting an n8n workflow that orchestrates LLM-based Scrum agents (PO, Dev, QA) to auto-generate and iterate code

Producer and Musician (DJ)

03/2005 - Present

Self Employed

- Produces electronic music under multiple aliases (e.g. "Audio Werner", "Audient"), collaborated with artists like Burnt Friedman, Daniel Paul, Daniel Bell, 100Hz,...
- Contributed to the global electronic music scene by performing DJ & live sets internationally, including tours in South America, the USA, Japan, and Australia

Eventmanagement

03/2007 - 07/2023

Club der Visionäre, Berlin

- Handled all aspects of event coordination, including artist bookings, graphic design, logistics planning, promotion, and hosting

Co-Founder

04/2004 - 03/2019

Vinyl record label "Hartchef Discos"

- Co-founder / A&R / Graphic Designer
- Launched a distinctive vinyl record label featuring music widely supported by renowned DJs

EDUCATION

IT Productmanager - Advanced Training

06/2024 - 06/2025

Franklin Institute for Applied Sciences

Studies in the fields of Artificial Intelligence

01/2023 - Present

Independent learner

Diploma in Audiovisual media design studies

09/2000 - 06/2004

Academy of Media Arts Cologne

(Kunsthochschule für Medien / KHM)

Sociology, Geography & Musicology studies

09/1996 - 06/2000

University of Cologne

20+ years of self-taught experience in electronic music production and equipment

09/1996 - Present

Independent learner

Abitur/Highschool Diploma

09/1985 - 06/1994

Mönchsee Gymnasium Heilbronn
